What is your Vision?

After spending a significant amount of time in prayer and the Word, what needs of teenagers are most pressing on your heart?

What changes at the school do you want to trust God for as you reach out to students? How would things be different if all the teenagers at the school would come to know Christ?

What do you want to see God do at your local school? How do you want the school to be different 2-4 years from now?

Prayer “...apart from Me you can do nothing” – John 15:5b

Who can you challenge to pray on behalf of the students in their community? Who will pray with you and for you? Is there any existing prayer groups that you can ask to pray for your ministry?

Decode the Campus – scout out your school

Become an expert on your school by going through the most recent yearbook with a couple of key Christian students and/or find a Christian teacher/coach to answer the following:

Who are the most popular teachers and coaches? Why?

Which teaches or coaches do you know who are Christian?

Are there any Christian groups on campus? What are they called? What is their purpose and their influence? Who are the student leaders?

Which students and groups appear often on the yearbook pages? Why?

What groups are the most influential on campus? Who are student leaders in these groups?

Which groups socialize together? Which groups don't?

Who are the most popular students? Which of these students are Christians?

Start Meeting Students

Researching the campus helps you to learn about the different groups on campus. As a result you will be able to determine where to start. Get a school calendar and [go to a few](#) school activities. Take time and get to know the Christian students, teachers and Coaches. Learn how to effectively explain your ministry to students and adults at GoCampus.org/Explain_sv.

Make a list of Christians you want to meet.

Who are the key student leaders and athletes you would like to meet? (Ask some students you know to introduce you to them. Which students will help you?)

Which groups would you like to reach out to? Get your team together and plan an outreach for a specific group! (Planning and conducting an outreach, including Ideas – GoCampus.org/Outreaches.)
