

# COLLABORATIVE DISCIPLESHIP

## 2 Cultivate

### How to Use Perspective Cards

## 1 Connect

**Download** Search for and download the “Perspective Cards®” app on an iOS or Android device. Physical cards can be purchased at [perspectivecards.com](http://perspectivecards.com).

**Summary** Perspective® is an enjoyable and effective way to have great spiritual and gospel conversations, even with those who are very skeptical about the Christian faith. Perspective is available in three different formats: Perspective Cards, the Perspective App (iOS and Android) and Perspective Banners. There is also an online version you can interact with at [myperspectiveresults.com](http://myperspectiveresults.com).

#### Introduce Perspective and explore someone’s worldview.

**Watch** [Introducing the Perspective Cards iPhone App](#) to learn how Perspective works. (Go to [perspectivecards.com/app](http://perspectivecards.com/app) and watch the first video on that page.)

**Discuss** How does this approach to sharing our faith differ from some other approaches to evangelism?

**Watch** [Getting Started with Perspective](#). (Go to [perspectivecards.com/training](http://perspectivecards.com/training) and watch the first video on that page.)

**Discuss** What did you like most in this video? What questions do you have that weren’t answered?

**Roleplay** Pair up and practice introducing the cards, going through a category, and asking the questions after your partner has chosen the card(s) that represent their perspective:

- “Tell me more about that.”
- “How did you come to that belief?”

#### Transition to the gospel and share it through listening.

**Watch** [Perspective & the Gospel: Sharing Effectively](#). (Go to [perspectivecards.com/training](http://perspectivecards.com/training) and watch the second video on that page.)

#### Discuss

What did you like most in this video?

What questions do you have that weren’t answered?

Here’s a sample transition. If you’re talking to someone you know well, say something like this:

“Thank you for sharing this part of your life with me. I’m glad we got this chance to talk, and I’ve enjoyed getting to know you better. Sometime I’d also like to hear your thoughts on my perspective. Do you have some more time to share your thoughts with me?”

*What is one of your favorite questions to ask others? How does that question help you know and understand them?*

## 3 Care

*Since we last met, what happened as a result of expressing Christ’s love to others?*

*How can you, or we, use Perspective to listen to others’ worldviews and explore their thoughts on the gospel this week?*

*With whom will you/we initiate a conversation?*

**Roleplay** Pair up again and practice transitioning to the second part of Perspective. Then role play going through one or two Christian worldview cards and the Faith (#6) card.

Here's something you can say after going through the Faith (#6) card:

“In light of this conversation what's the next step you want to take on your spiritual journey? I have some cards that will show you a few options”

**Roleplay** In your pairs practice introducing and reading through the Next Step cards. Be sure to also find out what next step your partner wants to take.

**Watch** [Perspective and the Gospel: The Heart](#). (Go to [perspectivecards.com/training](http://perspectivecards.com/training) and watch the third video on that page.)

### Discuss

In your own words explain how you think Perspective is different from other ways you could share your faith?

What would keep you from trying Perspective?

How do you think those you want to have spiritual and gospel conversations with might respond to a conversation through Perspective?

If you have time, watch [How Can I Use Perspective to Illustrate Biblical Truths](#). (Go to [perspectivecards.com/training](http://perspectivecards.com/training) and watch the fourth video on that page.)

The more familiar you are with Perspective and the more you practice, the more confidently you will use it.

**Pray** In light of what we've discussed, how can we pray for each other right now?
