NEAR DEATH EXPERIENCES AND THE AFTERLIFE

A 5-WEEK TOPICAL DISCUSSION ON THE PARANORMAL, GOD, AND THE BIBLE

IN 1972, A CHEMIST WAS IN A FATAL CAR ACCIDENT. HIS HEART AND BRAIN STOPPED FUNCTIONING, AND HE HAD A WEIRD SENSATION OF LEAVING HIS BODY AND BEING ABLE TO LOOK DOWN ON THE ENTIRE SCENE OF THE CRASH. LIKE A BYSTANDER, HE COULD SEE THE MAN WHO WAS TRYING TO REVIVE HIM. LATER, AFTER HE WAS RESUSCITATED, HE WOULD BE ABLE TO DESCRIBE EVERY DETAIL OF THE SCENE DOWN TO THE RING ON THE MAN'S FINGER, EVEN THE PATTERN ON HIS TIE. WHAT WAS MOST AMAZING ABOUT THE INCIDENT WAS THAT THE CHEMIST WAS BLIND.
